Dear Sir or Madam:

We, RF IDEas, Inc. hereby declare that Card Reader, model RDR-30082CKU-MXS is electrically identical with the same electromagnetic emissions and electromagnetic compatibility characteristics as model: RDR-30081CKU-MXS tested by Radiometrics Midwest Corporation, the results of which are featured in Radiometrics project: RP-9191A. (Reference FCC ID: M9MLC3008U IC: 6571A-LC3008U).

A description of the differences between the tested model and those that are declared similar are as follows:

<u>Model Number</u>	<u>Description</u>
RDR-30081CKU-MXS	Keystroke firmware – model tested
RDR-30082CKU-MXS	Identical construction, except SDK firmware

All models above use the same housing, PCB, and Electronics.

Please contact me should there be need for any additional clarification or information.

Best Regards,
Authorized Signature

Joseph Strzelecki
Senior EMC Engineer
