### Talkman T2 Federal Communications Commission Compliance

This device complies with Part 15 (b) of the Federal Communications Commission (FCC) Rules.

This product has been tested to the following standards:

	Standard
European Union/ Manufacturers declaration of Conformity. EMC Directive 89/336/EEC and amendment 92/31/EEC	<b>Emissions -EN 55022: 1998: Class B:</b> Limits & Methods of Measurement of Radio Disturbance Characteristics of Information Technology Equipment <b>Immunity -EN 55024:1998:</b> Electromagnetic Compatibility-Immunity of Information Technology Equipment (ITE), which consists of: EN61000-4-2; ESD EN61000-4-3; Radiated Immunity EN61000-4-6; Conducted Immunity EN61000-4-11; Voltage Interruptions
United States/Federal Communications Commission	<b>FCC Part 15, Class B:</b> Code of Federal Regulations, Title 47 Telecommunication Part 15-Radio Frequency Devices
Canada/Industry Canada	<b>ICES-003:</b> Industry Canada Interference-Causing Equipment

This product may contain one of these radio devices. See device label.

The Talkman product is separately approved for:

1. FCC Part 15 Subpart C
2. Industry Canada RSS211 and RSS139
3. ETSI 300-328, ETSI 300-826, EN 60950

The Talkman T2 is nominally a Class B digital device, pursuant to Part 15 of the FCC Rules.

Caution: Exposure to Radio Frequency Radiation.

The Talkman T2 terminal contains an internal low-power radio. The radiated output power of the radio is far below the FCC radio frequency exposure limits. Nevertheless, the Talkman T2 terminal shall be used in such a manner that the potential for human contact with the radio antenna during normal operation is minimized. The terminal should not be used if the case is open or if the internal antenna is exposed. When not in use, the Talkman T2 terminal should be powered off. In addition, the terminal should be worn in accordance with the instructions for this device.

Vocollect terminals are designed to be compliant with the rules and regulations in the locations into which they are sold and are labeled as required. Vocollect terminals are type approved and do not require the user to obtain license or authorization before using them. Changes or modifications not expressly approved by Vocollect, Inc. could void the user's authority to operate the equipment.

This Class B digital apparatus complies with Canadian ICES-003.  
Cet appareil numérique de la classes B est conforme à la norme NMB-003 du Canada.

**Warning: The Talkman T2 terminal is a class B product. In a domestic environment, this product may cause radio interference in which case the user may be required to take adequate measures.**

### **Part 15 (b) of the Federal Communications Commission (FCC) Rules**

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.

- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

## CE Marking & European Compliance

Products intended for sale within the European Union are marked with the CEMark, which indicates compliance to applicable Directives and European Normes (EN) as follows. Amendments to these Directives or ENs are included.

	<p><b>Important Notice:</b></p> <p>This device is a 2.40 to 2.48GHz RF device intended for office and light industrial use in all EU and EFTA member states.</p>
