Columbia, MD 21046

Dear Sir or Madam:

Vocollect, Inc. is requesting a permissive change to FCC ID MQOTT700-20000 originally granted on 7-10-2006. The original product included an 802.11b/g radio but only the "b" rates were enabled. The only change to the product is the enabling of the 802.11 "g" rates. There were no hardware or software changes required to enable these rates because the functionality has always existed. Thank you in advance and please let me know if there are any further questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Carol M. Ibarra". The signature is fluid and cursive, with a long, sweeping underline.

Carol M. Ibarra
Senior Compliance Engineer
