U.S.A.

To whom it may concern,

We, **Wistron NeWeb Corporation**, would like to confirm that a further modification has been made to the product with FCC ID: NKR DAXA-GO1 (Grant date: **05/09/2014**) to comply with the New U-NII rule requirement.

The module (FCC ID: NKR DAXA-GO1) will be installed in the host platform listed below. There are three different types of this platform.

Brand: Google

Model name: GFRG200, GFRG210

Product Name	Model Name	Description	Remark
Platform	GFRG210	The platform contains 2 certified wireless modules: (1) FCC ID: NKR DAXA-GO1 and (2) FCC ID: NKR DNXA-GO1.	With HDD, with bracket.
	GFRG200		Without HDD, with bracket.
	GFRG200		Without HDD, without bracket.

This C2PC modification relates to a Co-location issue to that WiFi module and to compliance with New U-NII rule requirements. Neither the circuit design nor the main function has been changed.

Sincerely yours,
