

GP15 Rotating Laser Label Location

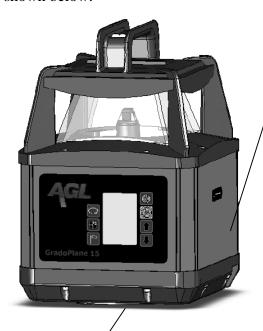

FCC ID: N7RGP15

IC ID: 5282A-GP15

The GradoPlane 15 (GP15) is a self levelling laser instrument for height measurement and surveying. A dual grade percentage of +/-10% can be entered directly and will be level automatically.

An optional radio remote control is offered that can work all functions of the laser and has the same display as the laser instrument.

Label Location is shown below.
