RE: Visteon Corp.

FCC ID: NT8-315SIPSR

After a review of the submitted information, I have a few comments on the above referenced Application.

- 1) The sample label and test report shows FCC ID: NT8-315-SIPSR, while the 731 and cover letters show FCC ID: NT8-315SIPSR. Which is correct. Please provide corrected exhibits as necessary.
- 2) The schematics are difficult to read and some components are not readable. Please provide a higher resolution copy of the schematics.

Timothy R. Johnson
Examining Engineer

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
