Request for Confidentiality

Gentlemen:

In accordance with 0.459 of CFR 47, Sport Sensors, Inc. requests confidentiality of the Block Diagram, Schematics, and Operational Description for the attached test report.

These documents contain detailed system and equipment description and related information about the product which Sport Sensors, Inc. considers to be proprietary, confidential, and a custom design and, otherwise, would not release to the general public. Since this design is a basis from which future technological products will evolve, Sport Sensors, Inc. feels that this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give our competitors an unfair advantage in the market.

Sincerely,

Telemachos J. Manolatos
Vice President
