

CORNING

Date: December 29, 2016

To: Federal Communications Commission
Authorization and Evaluation Division

Subject: Permissive Change Class II for Corning Optical Communication
Wireless's, RAU-4 Remote Antenna Unit under FCC ID: OJF1C85P19L70A17

To whom it may concern,

The E.U.T. was originally FCC certified on 9/13/2013 under
FCC ID: OJF1C85P19L70A17.

A C2PC Grant was issued on 5/5/2014 to remove the limited waiver issued by the
FCC.

The E.U.T. is part of a booster system operated with the RXU certified under FCC ID:
OJF1RXU.

No changes have been made to the E.U.T.

The C2PC change is to allow the E.U.T. to operate as part of a booster system with
the new RXU2325 certified under FCC ID: OJF1RXUN.

The E.U.T. has been fully tested with the RXU2325 and results presented in the four
reports (for bands AWS, CELL, PCS & LTE) submitted with this application.

We request a Permissive Change Class II based on the above.

Thank you for your assistance.

Company: Corning Optical Communications Wireless

Authorized Signature:

A handwritten signature in blue ink, appearing to read 'Habib Riazi', is displayed on a light green rectangular background.

Printed Name: Habib Riazi
