Subject: Application for Grant of Equipment Authorization

To Whom It May Concern,

The enclosed documents constitute a formal submittal and application for a Grant of Equipment Authorization pursuant to Part 15, SubPart C, of the Rules and Regulations of the FCC, regarding Intentional Radiators, as the technical guide.

The data in this report demonstrates that the equipment tested complies with the FCC Part 15, SubPart B & C, Powerline Conducted Emissions, Open Field Radiated Emissions, Occupied Bandwidth, Frequency Stability, Maximum Peak Output Power and Transmitted Power Density, Radiated Harmonics and Spurious Emissions and Modulation Frequency Characteristics Test limits for Class B & C devices.

This application was prepared by International Technology Company (ITC). If there are any questions or if further information is needed, please call us at (925) 862-2944 or fax (925) 862-9013. Thank you.

Yours sincerely,
