Subject: Re: Kyocera Wireless Corp. , FCC ID: OVFOVFKWC-K24B, Assessment NO.: AN06T6278, Notice#1

Dear Chris,

Yes, AN06T6277 was replaced with this application. There was a technical problem and I had to resubmit.

The version that has the AMPS eliminated has the most recent HAC rating, which is M3 and T4 rating.

I trust this has clarified the below issue.

Sincerely,
Thuy To
