FREQUENCY & CHANNEL ATTESTATION

XL-200P/XL-185P, Non-Rebanded
FCC ID: OWDTR-0145-E; IC: 3636B-0145

The XL-200P/XL-185P Portable Radio, Non-Rebanded, does not operate in the 5250 - 5350 MHz and 5470 – 5725 MHz bands.

Additionally, the XL-200P/XL-185P radio does not operate in Wi-Fi channels 12 (2467 MHz) or 13 (2472 MHz), or on the 2300, 2500, or 3600 MHz channels.

Harris locks out these frequencies by use of Harris' Radio Program Manager and Feature Encryption. Harris' Radio Personality Manager is a software application that restricts the radio to only operate on allowable frequencies. Feature Encryption allows Harris to restrict the radio to only operate within allowable frequency bands.

A handwritten signature in black ink that reads "Thomas D. Camper, Jr." in a cursive script.
