System Requirements

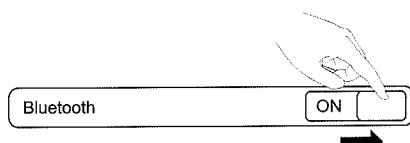

Hardware

- iPad 3rd Generation

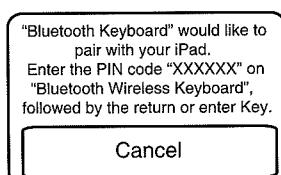

Establishing the Connection: iPad

1. Press and hold the Bluetooth button on your keyboard for 3 seconds. to turn on the Bluetooth receiver. The Blue LED will be blinking.

2. Switch ON the Bluetooth function of your iPad.

3. Once the Bluetooth Wireless Keyboard is listed as a found device in the Bluetooth menu on the iPad, tap on the name and you will be prompted to enter a PIN code as shown.

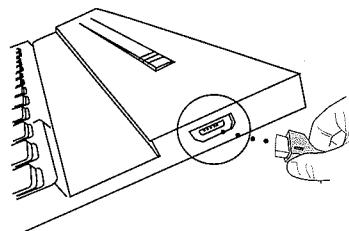

4. Enter the PIN code shown on the pop up message, followed by the enter key.
5. After pairing, the iPad will show the status "Connected".
6. Bluetooth Wireless Keyboard is now connected with your iPad.

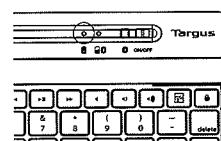

Note: To optimize the battery life of your iPad make sure that the **iPad Cover Lock/Unlock** option in the settings menus is set to **OFF**. This will keep the iPad from being accidentally awoken by a key press during transit.

Power Saving Mode

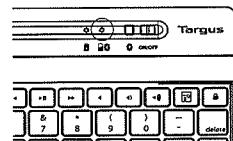

The Versavu Keyboard will go to sleep mode after it is abandoned for 10 minutes. To optimize the keyboard battery life, we recommend that you turn it off when not in use

Charging the Keyboard

1. Connect the wireless keyboard to laptop computer USB port via the supplied USB cable.

2. Charging is complete when the power indicator(Red LED) turns off.

Battery Life Indicator/ Bluetooth Connection Light

- This Bluetooth Connection light will blink in blue when the keyboard switched to the Bluetooth Connection mode.
- Battery life indicator(Red LED) will blink twice every second when the power level drops below 15%.
- Keyboard will shut down when power level is below 10%.

Product Registration

Targus recommends that you register your Targus accessory shortly after purchasing it. Go to:

<http://www.targus.com/registration.asp>

You will need to provide your full name, email address, country of residence and product information.

Warranty

Targus warrants this product to be free from defects in materials and workmanship for one year. If your Targus accessory is found to be defective within that time, we will promptly repair or replace it. This warranty does not cover accidental damage, wear and tear, or consequential or incidental loss. Under no conditions is Targus liable for loss of, or damage to devices; nor loss of, or damage to, programs, records, or data; nor any consequential or incidental damages, even if Targus has been informed of their possibility. This warranty does not affect your statutory rights.

Regulatory Compliance

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

FCC Statement

Tested to Comply

This equipment has been tested and found to comply with the limits of a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna;
- Increase the separation between the equipment and receiver;
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected;
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not authorized by the party responsible for compliance could void the user's authority to operate this product.

Compliance with 21 CFR 1040.10 and 1040.11 except for deviations pursuant to Laser Notice No. 50, dated June 24, 2007

Declaration of Conformity

Hereby, Targus, declares that this device is in compliance with the essential requirements and other relevant provisions of Directive 1999/5/EC.

Battery Warning

You are cautioned that changes or modifications not expressly approved by the party responsible for compliance could void your authority to operate the equipment.

CAUTION: AVOID PROLONGED USE OF THE KEYBOARD WITHOUT BREAKS.

Take regular breaks and keep a good posture. Consult your physician promptly if you notice any loss of motion or pain in your wrist when using the keyboard.

RF exposure warning

The equipment complies with FCC RF exposure limits set forth for an uncontrolled environment.

The equipment must not be co-located or operating in conjunction with any other antenna or transmitter.
