Importance: High

Dear Mike,

Thank you for your advice.

Regarding your question for FCC ID: P8BCA-2000RF, the answers as below:

Question #1: User manual does not contain information required under 15.21 of FCC rules. Please provide revised user manual to comply with these requirements.

Answer #1: Please see test report Appendix 2 of User manual Page 3.

Question #2: Request for confidentiality box is checked on the TCB application form. Please provide a request for confidentiality letter to indicate which document should be withheld from public disclosure.

Answer #2: Please see attachment: Confidentiality letter.

Question #3: What is Page 15 of 53 test data for? Frequency range investigated are under 30MHz but the test data is presented under Radiated emission tests.

Answer #3: When I was transformed word.doc to PDF, the PC had some problem. So the page 15 is not the correct data.

Now, please refer the page 15 of test report that had update.

Best regards,

Nancy
