

*Remark : The transmitter is only for beginner using. To avoid causing the unnecessary confusion. The crystal is fixed.

RF Exposure Safety Statements For Radio

SAFETY INFORMATION

Your wireless handheld portable transceiver contains a low power transmitter. When the transmitter is activated it sends out radio frequency (RF) signals. In August 1996, the Federal Communications Commission (FCC) adopted RF exposure guidelines with safety levels for hand-held wireless devices.

CAUTION: To maintain compliance with the FCC' s RF exposure
