

Channel Statement

We, **Flir Belgium BVBA** declare that this EUT

FCC ID:PJ5-RAY4GHUB doesn't have ad Hoc Mode function on "non-US/Canada frequencies".

The frequency selection feature is disabled by firmware for all devices marketed to all countries.

For DTS part of this device, only channels **1-11** will be used in all countries.

Country code selection is disabled.

Should you have any questions or comments regarding this matter please let me know.

Sincerely,
