**RE: V6 eNode B FCC ID: PKTNODEBAQQ Installation Manual Confidentiality**

To Whom It May Concern,

This letter is to comply with Section 0.457 (d)(2)(i), Section 0.459 and KDB 726920 D02 dated 12/21/2011 pertaining to confidential material. General Dynamics Broadband Inc request the following document regarding the submission for FCC ID: PKTNODEBAQQ to be kept permanently confidential.

1. The Installation Manual – all pages of file: V6 eNode B Installation Guide.pdf

The V6 eNode B LTE Base Station is a non-consumer product that is installed in Restricted Access Locations (RAL) that are not accessible to the general public.

The installation manual contains information which General Dynamics Broadband considers to be Proprietary and Confidential and the document is identified to this effect.

We also provide a signed attestation statement declaring that all information identified as 'Proprietary and Confidential' is covered by Non Disclosure Agreements between ourselves and our customers as a standard term of business. As our Non Disclosure Agreements have a wide scope including other terms of business we ask that this attestation statement be accepted in lieu of submitting a signed Non Disclosure Agreement in support of this request for confidentiality.

Yours Faithfully,

Peter Warburg  
Principal Engineer  
General Dynamics Broadband
