Subject: Be Interactive Co., Ltd., FCC ID: PNGUD720, (DSS Bluetooth part) Assessment NO.: AN07T7179, Notice#1

Dear Y.K.,

This notice is for items specific to the Bluetooth part.

Q1: Information has already been requested for the DTS part of this device. Those items will not be repeated in this notice although some are applicable to this part.

[YK] Attached please find a SAR test report. WLAN and Bluetooth functions were simultaneously operated during the testing.

Q2: The schematics and block diagram do not include details for the Bluetooth module. Only the

Bluetooth module connector is shown. Please provide schematics and block diagram for the Bluetooth module.

[YK] Attached please find 2 files for block diagram and schematic for the BT module.

Best regards,

Tim Dwyer

CCS Technical Reviewer

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.

Dear Y.G.,

I received your replies and will work on this today as soon as possible . We have many applications today to complete, but I hope to complete all by later in the day my time. I will email if there are any questions.

Best regards,

Tim

Hi Tim,

Did you have a nice weekend?

Could you please inform me any updated status at your earliest convenience?

Thanks a lot!

Best Regards,

Dear YK,

Yes, the weekend was nice here. The weather is starting to get cooler, down to about 8°C. I hope your weekend was also nice.

I finished the review of the documents including **SAR** for both DSS and DTS applications. All technical requirements are met, but there is one minor issue that needs to be corrected.

In the **SAR** report, FCC requires the exact FCCID be shown. In the **SAR** report, it shows PNGUD72. It should be PNGUPD720. I know that this is probably a typographical error, but the FCC has a strict requirement for this.

So please revise the report to correct the FCCID, and return it to me. I am ready to send the final evaluation report to certification as soon as I receive it.

Best regards,

Tim Dwyer.

Hi Tim,

Thanks for your comment and I would like to send revised **SAR** test report to you.

Could you please help me to issue certificates for this project ASAP.

Thanks a lot!
