Gentlemen:

The enclosed documents constitute a formal submittal and application for a Grant of Equipment Authorization pursuant to Subpart C of Part 15 of FCC Rules (CFR 47) and RSS 210 regarding intentional radiators. Data within this report demonstrates that the equipment tested complies with the FCC and RSS 210 limits for intentional radiators.

Please note that modular approval is being requested for this device. In addition the device may be co-located with another module (FCC ID MCLJ07H081) and can also be installed by the end user. As the device can be installed by the end user a BIOS Lock is implemented to ensure that the device only operates in the laptop system pre-configured to use the module.

Elliott Laboratories, as duly authorized agent prepared this submittal. A copy of the letter of our appointment as agent is enclosed.

If there are any questions or if further information is needed, please contact Elliott Laboratories for assistance.

Sincerely,

Mark Briggs
