

11. SETUP PHOTOS

RADIATED AND POWERLINE CONDUCTED EMISSIONS MEASUREMENT SETUP	
A photograph of a white rectangular test chamber in an anechoic chamber. The chamber is surrounded by red metal support structures. The floor is marked with a circular pattern.	A photograph showing the back of the white test chamber. It is connected to various cables and equipment. The chamber is positioned on a raised platform.
A photograph of the white test chamber with a large black pyramidal absorber in the foreground. The chamber is in the same anechoic chamber setting.	A photograph of the back of the white test chamber, showing a different setup of cables and equipment compared to the below-1 GHz setup.
A close-up photograph of a yellow table with a black device on top. A cable is connected to the device.	A side-view photograph of the yellow table setup, showing the black device and the connection to a piece of equipment in the background.
