Before using your phone

SIM card

You receive a SIM (Subscriber Identity Module) card when you register with a network operator. The SIM card keeps track of your phone number, the services included in your subscription and phonebook information. A PIN code is supplied with the SIM card and must be entered, if requested, when you turn on your phone for the first time.

To insert the SIM card

- 1 Open the battery cover by pressing and pulling the lower part of the cover at the bottom of the phone.

- 2 Remove the battery.

- 3 Insert the SIM card into the SIM card holder. Make sure you insert it as depicted in the image.

Battery

You need to charge the battery when the indicator light on the side of the phone flashes red or when the low battery message appears on the screen.

To insert the battery

- 1 Detach the charger (if connected).
- 2 Open the battery cover by pressing and pulling the lower part of the cover at the bottom of the phone.
