CHANGES IN DESIGN – PERMISSIVE CHANGE CLASS 2

Pursuant to Sections 2.1043 of the Commission's Rules, the Applicant hereby requests approval for changes in design planned for product FCC ID: PYARM-227.

This application is to request grant note HC to be added into the grant of equipment authorization. Application includes HAC report for M3-rating and test report for power output, which was reduced in GSM1900 band to meet M3 limits. Power output change is implemented just by changing tuning values in firmware and the change does not include any mechanical or hardware changes.

The change is applicable to US HAC variant of this product.

Internal conclusion was to retest different equipment classes as follows:

- 47CFR24.232 EIRP
