RE: FCC Class II Permissive change for FCC ID: QDS-BRCM1076  
(Original Grant date: 07/25/2013)  
Applicant: Broadcom Corporation

Dear Examiner,

This is to request a Class II permissive change for FCC ID: QDS-BRCM1076. There are no hardware or electrical modifications to the applicable modular transmitter.

The major change filed under this application is:

- 1) Establishing approval for use in stand-alone portable exposure conditions per KDB 616217 D04 v01, Sec3.2 Module Approach. The module is tested following procedures in KDB 626217 at 5mm separation distance for installing the module's antennas into tablets and the keyboard section of laptops. The highest measured SAR value is 0.577W/kg.

Installation and operating requirements, detailing the restrictions, separation distances and antenna requirement for the modular conditions covered by the equipment authorization, are documented in the instructions provided to OEM integrators.

If you have any questions regarding this application, please feel free to contact me.

Sincerely yours,

A handwritten signature in black ink, appearing to read 'Daniel Lawless', is positioned above a horizontal line.
