Supersede Cover Letter

FCC ID: QIS-BM1012

Dear Commission,

We have found that Pg 45 of the original SAR report was missing Z scan plot for the worst SAR spot. A revised SAR report has been requested including data to address this issue. Revised SAR report has been uploaded to the EAS system and previous SAR report has been superseded.

We apologize for the overlook. Let us know if you have any questions please.

Sincerely,

YUNUS FAZILOGLU
