Ref: FCC Class II Permissive change for FCC ID: QISEM770U  
Original Grant Date: 09/07/2009  
Applicant: Huawei Technologies Co., Ltd

Dear Examiner,

This is to request a Class II permissive change for FCC ID: QISEM770U

originally granted on 09/07/2009

The intension of this application is to enable the modular certified FCC ID: QISEM770U to be co-located with Bluetooth module of FCC ID: QDS-BRCM1043 and WLAN Module of FCC ID: HFS-AR5B95 or FCC ID: HFS-BCM94313HMG in the host system; to certify the additional of certified FCC ID: QISEM770U as a Class II Permissive Change in host Notebook Computer, Model Name: 20039xxxx, 0647xxxx (x=0~9 , A~Z or blank), Trade Name: lenovo.

The modules mentioned above had approved and were electronically and mechanically identical to the originally modular instructions and requirements. Therefore, the change for the original module is from mobile to portable due to the separation distance is less than 20 cm. The highest SAR value for the device is 0.083 W/kg and was tested for typical laptop operations with the device contacted directly to the human body to the back side of the notebook computer. To maintain compliance with FCC RF exposure compliance requirements, avoid direct contact to the transmitting antenna during transmitting.

Sincerely yours,  
Zhang Xinghai
