SUBJECT: FCC Class II Permissive Change

Dear Sir/Madam,
The product, HSPA Module, has been granted by FCC dated 11/02/2009, and FCC ID is QISEM770W

Now we, Huawei Technologies Co.,Ltd., would like to apply for Class II Permissive Change. There is no hardware or electrical modification made to the applying modular transmitter itself. We change the host notebook only and GSM/GPRS function of HSPA Module, will be turned off by firmware while it's sold with this host notebook.

The differences between original application are like above description, the others are the same as original one.

Sincerely,

Zhang Xinghai
Senior Manager
