

attestation statement

In the back of the device (HUAWEI MediaPad S7-312u), there is a gap in the lower right corner.

When we want to insert a SD card or SIM card , we must pry open the shell from the gap, and then we can see the label obviously on the inside shell.

pry open the shell from the gap

Label location

Insert SD card

Insert SIM card

The label shall be permanently affixed to the equipment and shall be readily visible to the purchaser at the time of purchase.
