

Appendix D. Photographs of the Test Set-Up

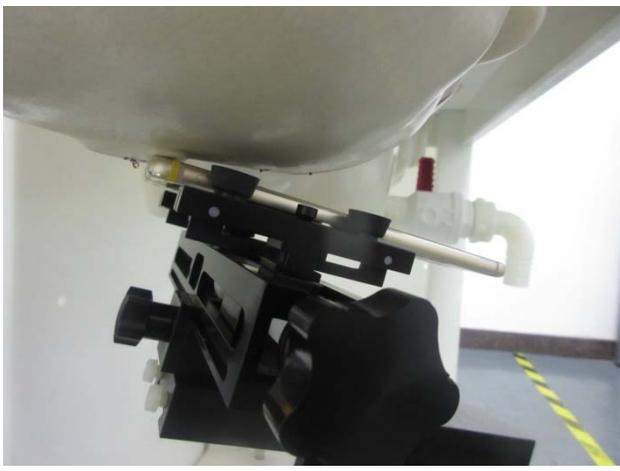

Photo 1: Right Cheek	Photo 2: Right Tilted
 A photograph showing the right side of a white dental chair headrest. A black metal fixture is mounted on the underside of the headrest, with a horizontal silver rod extending from it. The fixture is positioned to measure the right cheek area.	 A photograph showing the right side of the dental chair headrest from a tilted perspective. The black metal fixture and silver rod are clearly visible, showing their orientation relative to the headrest's surface.
Photo 3: Left Cheek	Photo 4: Left Tilted
 A photograph showing the left side of the dental chair headrest. The black metal fixture and silver rod are mounted to measure the left cheek area.	 A photograph showing the left side of the dental chair headrest from a tilted perspective. The black metal fixture and silver rod are visible, showing their orientation.
Photo 5: Front Face_15mm	Photo 6: Rear Face_15mm
 A close-up photograph of the front face of the black metal fixture, showing its various adjustment knobs and the silver rod.	 A close-up photograph of the rear face of the black metal fixture, showing its adjustment knobs and the silver rod.

Photo 7: Front Face_10mm

Photo 8: Rear Face_10mm

Photo 9: Left Side_10mm

Photo 10: Right Side_10mm

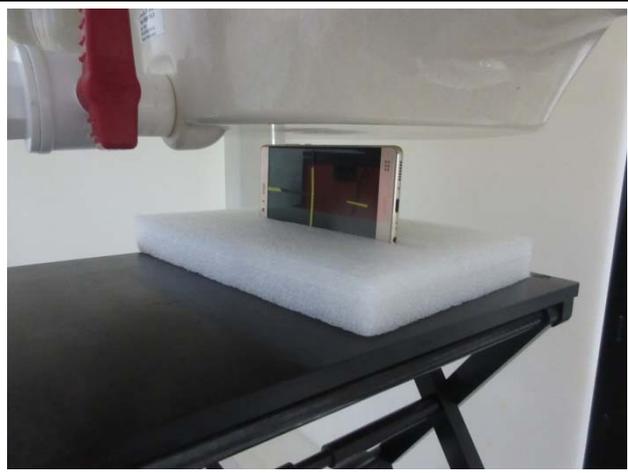

Photo 11: Top Side_10mm

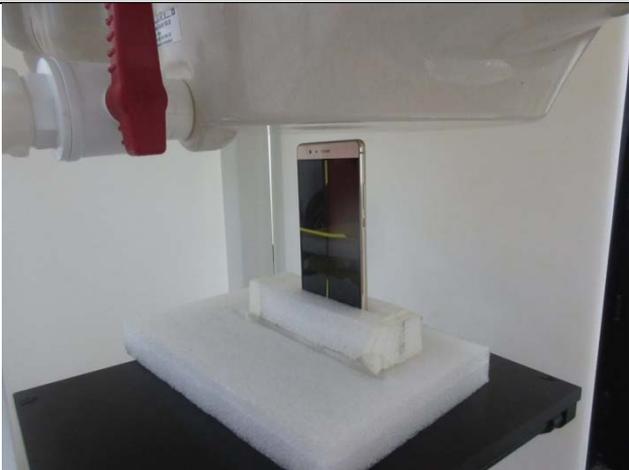

Photo 12: Bottom Side_10mm

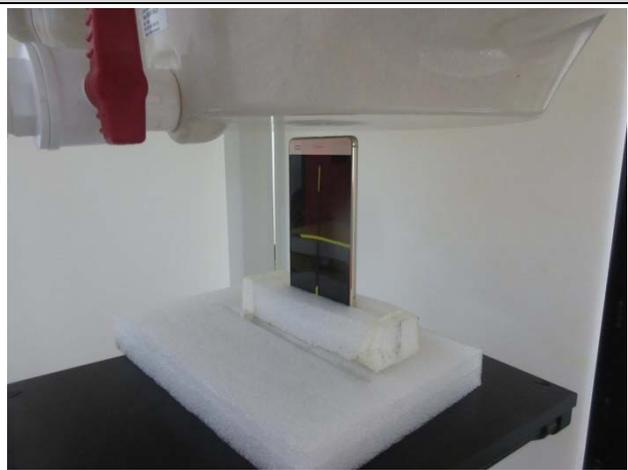

Photo 13: Front Face_0mm

Photo 14: Rear Face_0mm

Photo 15: Left Side_0mm

Photo 16: Right Side_0mm

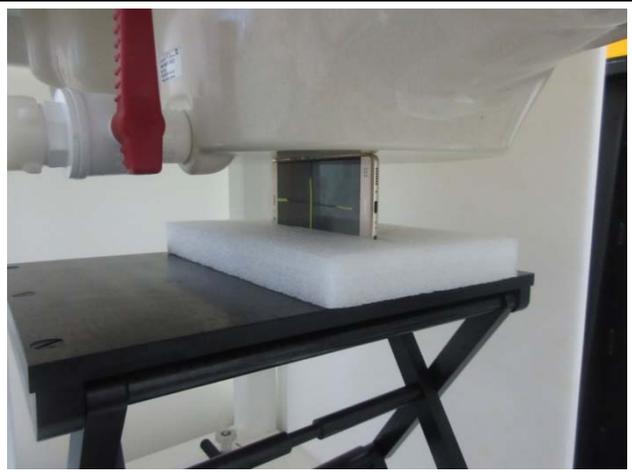

Photo 17: Top Side_0mm
