

1.6 User Manual

Welcome

English

Thank you for buying BLUETREK CARBON. We hope you can enjoy the excellent sound quality with the digital signal processor of it.

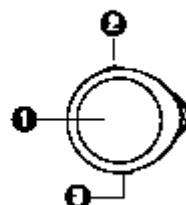

This user manual will get you started and ready to use your BLUETREK CARBON Bluetooth headset.

Getting Started

The BLUETREK CARBON is a wireless headset based on the Bluetooth® technology. It complies with Bluetooth® 2.0 protocol, supporting headset and hands-free profile. It is easy to operate with one talk button and 2 volume control buttons, the dual LED indicator light would show the status of the headset including charging, pairing mode, low battery and standby mode.

The BLUETREK CARBON® headset has 3 buttons:

- 1 "TALK" button (main button)
- 2 "VOL+" button
- 3 "VOL-" button

1 | BLUETREK CARBON

Charge your headset

Please connect the charger to the headset and to the main. During the charge, the indicator light is red. The indicator light will turn off when the charge is complete.

During subsequent charges, the charging should take approximately 3 hours.

When you hear a low-tone beep in your headset at regular intervals, and the indicator light flashes in red, your headset needs to be recharged.

BLUETREK CARBON I 2

Important:

English

- If your headset is fully charged, the red indicator light will not turn on when plugging into the charger.
- To maximize battery lifetime, it is recommended to recharge your headset to full capacity only when the battery is low, since a battery has a lifetime of about 500 charging cycles.
- If you leave your headset battery empty for an extended period of time, it could excessively discharge the battery. In this case, charge your headset for 2 hours or more until the battery recovers and recharges completely. When you first charge the headset after prolonged storage, it may take few minutes for the red indicator light to turn on.
- Do not charge your headset for more than 10 hours.
- The use of any other charger will automatically suspend the warranty. It is strictly forbidden and can be very dangerous.

Turning your headset On and Off.

- Press the main button for 3 seconds to turn your headset on
- Press the main button for 5 seconds to turn your headset off

English

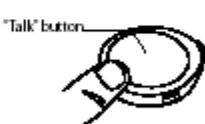

Pairing your BLUETREK CARBON with your mobile

Before using the BLUETREK CARBON, you must pair it with your Bluetooth® mobile phone.

To initiate pairing, place the BLUETREK CARBON and your mobile phone within 0.3 meter (foot) from each other.

① Activate the Pairing Mode of your headset

Make sure the BLUETREK CARBON is off. Press and hold the main button for 5 seconds until the indicator light are flashing in red and blue.

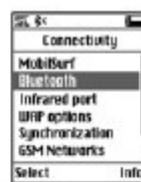

* Simplified pairing function is enabled in your BLUETREK CARBON. When you switch on the headset at first time, the pairing mode of BLUETREK CARBON will be activated automatically.

BLUETREK CARBON I 4

② Activate the Discovery Mode of your mobile phone

Switch on your mobile phone and select its Bluetooth® discover mode. (Please follow the instruction of your mobile phone. This usually involves the 'setup', 'connection' or 'bluetooth' menu on your mobile phone)

③ Connect the headset with your mobile phone

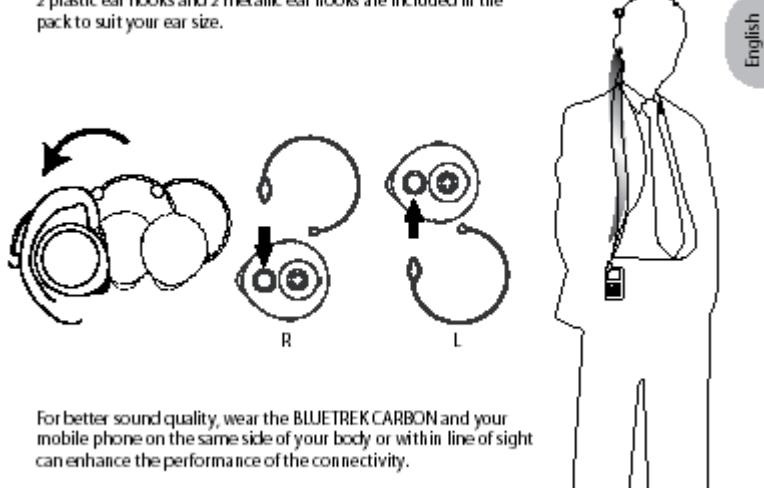

Once the mobile phone detects the headset, a "BLUETREK CARBON" message will be displayed. Follow the instruction of your mobile phone to confirm the pairing with the PIN code, 0000. For some mobile phones, you may need to select "connect".

If you haven't started the discovery mode within 20 minutes, the headset will be switched off. You must then switch on your headset and start the pairing again. If pairing was successful, the indicator light will switch to blue and flashes slowly. The headset will connect automatically to the mobile phone.

Wearing your BLUETREK CARBON

2 plastic ear hooks and 2 metallic ear hooks are included in the pack to suit your ear size.

For better sound quality, wear the BLUETREK CARBON and your mobile phone on the same side of your body or within line of sight can enhance the performance of the connectivity.

Guidelines for safe use: Read those guidelines before using your headset.

- The volume level of the Bluetooth® headset may vary, depending on your mobile phone and headset. Before using your headset for the first time, adjust the headset volume to the lowest, then increase the volume gradually until you reach to an acceptable level.
- High levels of volume may result in hearing loss, avoid using the headset at high volume continuously. If you experience ringing in your ears or muffled speech, consult your doctor immediately and stop using the headset.
- Do not drop or try to alter the shape of your headset.
- Do not expose your headset to liquid or moisture.
- Do not expose your headset to extreme temperatures. Temperature range: 0-40°C.
- Do not expose your headset to fire or open flames.
- Do not try to disassemble your headset. Service and Maintenance can only be performed by authorized BLUETREK® dealers.
- Keep your headset away from dust and dirt.
- Do not let children play with your headset, since it contains small parts that could become detached and create a choking hazard.
- Check the regulation in your area if you plan to use your headset while driving.
- Turn off your headset before boarding an airplane.
- CAUTION: Danger of explosion if battery is incorrectly replaced. Dispose of batteries according to local regulations. Do not dispose as household waste.

**Note on environmental protection:**

After the implementation of the European Directive 2002/96/EU in the national legal

system, the following applies:

Electrical and electronic devices may not be disposed of with domestic waste. Consumers are obliged by law to return electrical and electronic devices at the end of their service lives to the public collecting points set up for this purpose or point of sale. Details to this are defined by the national law of the respective country. This symbol on the product, the instruction manual or the package indicates that a product is subject to these regulations. By recycling, reusing the materials or other forms of utilising old devices, you are making an important contribution to protecting our environment.

Warning: Using Bluetooth® headset at high volume levels or in noisy background can potentially cause hearing loss.

The volume level of the Bluetooth® headset may vary, depending on your mobile phone. Before using your headset for the first time, adjust the headset volume to the lowest, then increase the volume gradually until you reach to an acceptable level.

High levels of volume may result in hearing loss, avoid using the headset at high volume continuously. If you experience ringing in your ears or muffled speech, consult your doctor immediately and stop using the headset.

Please refer to the "adjust sound and volume" section in the manual.
