RE: FCC ID: QMNRM-66_ATCB002839

Attention: Andreas Gillmeier

I have a few comments on this Application. Please note that further comments may arise in response to answers provided to the questions below.

1. Please note that C63.19 contains no procedures for simultaneous transmission. Please note that the report does not make it clear about the BT device. How is the composite transmitter (Bluetooth) handled in regards to SAR? How is it addressed in the manual? Please address this issue.
2. Please provide a manual addressing the statements for hearing aide compatibility as required by the FCC.

Dennis Ward

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
