Re: FCC Part 15 Certification for Adaptive Instruments Corp. (FCC ID: QQN16363)

Adaptive Instruments Corp. would like to submit an application for a Class II permissive change for our model 16363 wireless transmitter, from a: Limited Modular Approval to a: Full Modular Approval, as there now exist a proper manual to be distributed with the device.

Please reference Adaptive Instruments previously submitted Form 731.

This module, which was approved by the FCC on February 4, 2003, and has not been modified since the original Granted date.

Best Regards,

Clayton S. Lusk
Vice President Engineering
