RE: FCC ID: QTKRH-36X_ATCB002267
Attention: Ole Soerensen

I have a few comments on this Application. Please note that further comments may arise in response to answers provided to the questions below.

1. Please note that the max Body SAR reported in the SAR report is 0.638w/kg. However, the SAR statement in the manual (page 32 – PDF page 36) states the maximum Body SAR is 1.02w/kg. Please correct the appropriate documentation to reflect actual measured values.

Dennis Ward

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
