

The following items are our replies for the last remain comments:

1) The POA letter: Done!

2) User's manual: We still wait for our client to provide us the revised file.

4), 5),6),10), 11) Test report: Done! We revised the test report, its file name is "TestRpt-1\_QTZ1200D-revised"

7) simultaneous EMC emissions: We add one file and uploaded it to ATCB server, its file name is "TestRpt-2\_QTZ1200D"

12)RF exposure:Done!

Besides that, we also revised the 731 form file.

The above all files were uploaded to ATCB server today. Please help us check them.

If you have any further questions, please contact us ASAP!

Thanks!
