Re: FCC ID: R7PCONCS4

To Whom It May Concern:

The following application is submitted on behalf of our client, Cellnet Technology Inc., for evaluation of their model Series-4 Conc. for certification under FCC Part 15.247.

The Series-4 Conc. is a composite device which contains (2) transceivers. These include (1) frequency hopping WAN radio (Utilinet IWR) and (1) digital transmission system LAN radio (BLT) each of which was evaluated separately to the corresponding rules and found to be in compliance.

Sincerely,
