Charging Instructions

This Bluetooth headphones have a built in rechargeable battery. Before using it for the first time we recommend you charge the battery fully. Only use the supplied USB cable to charge the Bluetooth headphones.

1. Connect the USB cable to the USB port on the unit.
2. Connect the other end of the USB cable to a USB port on a PC or an AC/DC adapter. The LED indicator turns red to indicate that the battery is being charged. When the battery is fully charged, the red LED indicator will turn off.

Pairing the Bluetooth headphones with Bluetooth devices (phone or music device)

1. Turn on the headphones.
2. Turn on your Bluetooth enabled device and activate the Bluetooth function.
3. Search for the Bluetooth device, "BT-H105" will show up.
4. Pair your Bluetooth enabled device with BT-H105. If a password is needed, type in "0000". After the

BT-H105 is paired with your device, connect it to your device.

Tips:

Once the headphones is paired and connected to your Bluetooth device, it automatically connects the next time as long as the Bluetooth on your device is turned on.

Control a phone call via headphones

Answer a call: Short press the Phone button.

End a call: Short press the Phone button.

Redial the last number: Press the phone button twice quickly.

Using AUX input

The AUX input function allows you to use your headphones without using the battery and the Bluetooth connection.

Note: Please switch off the headphones when using AUX input.

Care and Maintenance

Read the following recommendations before using the Bluetooth headphones. Following these you will be able to enjoy the product for many years.

- Do not expose the Bluetooth headphones to liquid, moisture or humidity to avoid the product's internal circuit being affected.
- Don't use abrasive cleaning solvents to clean the Bluetooth headphones.
- Do not expose the Bluetooth headphones to extremely high or low temperature as this will shorten the life of electronic devices, destroy the battery or distort certain plastic parts.
- Don't dispose of the Bluetooth headphones in a fire as it will result in an explosion.

- Don't expose the Bluetooth headphones to contact with sharp objects as this will cause scratches and damage.
- Don't let the Bluetooth headphones fall on the floor. The internal circuit might get damaged.
- Don't attempt to disassemble the Bluetooth headphones as it may get damaged if you are not professional.

In case the Bluetooth headphones doesn't function properly, send it to the store you bought it. The staff will help you to the problem.

Specifications

Bluetooth profiles	HSP, HFP, A2DP and AVRCP
Bluetooth operating distance	10 meters (equal to 33 feet)
Frequency range	2.4-2.48GHz
Frequency response	100Hz-20kHz
Distortion	≤1%
Microphone sensitivity	-40db
Working time	Up to 6 hours playing and 8 hours talk time
Charging input power	DC 5V
Charging time	Approx 3 hours
Unit size	165*80*175mm
Unit weight	Approx. 200g

Note: Battery life & charging time may vary, based on usage & types of devices used.

FCC Statement:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.

This device complies with part 15 of the FCC rules.

Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: Modifications to this product will void the user's authority to operate this equipment.
