## SPECIFICATIONS

| Item          |                          | Specifications                         |
|---------------|--------------------------|----------------------------------------|
| Antenna       | Frequency Range          | 824~960/1710~2170MHz                   |
|               | Polarization             | Linear                                 |
|               | Gain                     | 2.0dBi (Zenith)                        |
|               | V.S.W.R                  | <2.0                                   |
|               | Impedance                | 50 $\Omega$                            |
| Mechanical    | Cable                    | RG174 2M                               |
|               | Connector                | RP SMA male                            |
|               | Mounting Method          | Magnet (include a 3M sticker)          |
| Environmental | Operating Temperature    | -40°C~+85°C                            |
|               | Vibration                | 10 to 55Hz with 1.5mm amplitude 2hours |
|               | Environmentally Friendly | ROHS Compliant                         |
