Subject: Confidentiality

Mr. Leimer

In your email dated 12/13/2006 you requested clarification in regard to the confidentiality request for the internal photos for FCC ID: RFM-ACCESS-ONE-21.

Due to the fact that the ACCESS-ONE Outdoor Wireless Systems (OWS) require professional installation, the units are only available for purchase through our factory trained, value added resellers. The OWS units are **NOT** marketed to, or made available for purchase by, or accessible, to the general public.

We therefore request that the internal photographs be held confidential as originally requested.
