Re: FCC ID: RG6-MMI-ARM

Subject: Request for withholding from public disclosure all block diagrams, schematic diagrams, tune-up information, and operational/technical descriptions pursuant to an application for certification

Greetings,

We, Microwave Monolithics Incorporated (MMInc.), 2263 Ward Ave, Simi Valley, California 93065, USA, would like to request that all block diagrams, schematic diagrams, tune-up information, and operational/technical descriptions submitted with the application for certification be withheld from public disclosure as per Section 0.459 of FCC Rules. All internal components of subject unit are sealed in an enclosure, and are not accessible to users.

This request is made under the provisions of Section 0.457 (d) of the Commission's Rules, and Section 552 (b)(4) of the Freedom of Information Act. These sections authorize the withholding from public inspection, those materials which would be privileged as a matter of law if retained by the person submitting them, and materials which would not customarily be released to the public by that person.

If you have any questions, please do not hesitate to contact us at 805-584-6642.

Sincerely,

Daniel R. Ch'en
President
