Dear Mike,

Ans. #1: This device is the transmitter portion of a wireless headphone system used for Nintendo Gameboy. The "GBA SP" means "GameBoy Advance" and "Special". Please refer to revised user manual for the connection instruction of this device. The transmitter is connected to the Gameboy and convert the audio signal to RF signal then transmit to the receiver.
Ans. #2: Please refer to attached revised user manual.
Ans. #3: Please refer to attached file of adapter photos.

Best regards,

=====
