

### *User' s Manual*

This light device has been tested and found to comply with the limits for Consumer RF Lighting Device, pursuant to Part 18 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

1. Use only on 120V/60Hz
2. Never disassemble or modify-any changes could void the user' authority to operate this device.
3. Not for use in totally enclosed recessed fixtures.
4. Risk of electric shock-do not use with where directly exposed to water.
5. This device is not intended for use with emergency exit fixtures or emergency exit lights.
6. This product may cause interference to radio equipment and should not be installed near maritime safety communications equipment or other critical navigation or communication equipment operating between 0.45-30MHz.
7. To prevent burns, do not touch the tube during operation or immediately after switching off.
8. Nor for use with dimmers, or photocell devices or occupancy sensor.

This device complies with Part 18 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: THE MANUFACTURER IS NOT RESPONSIBLE FOR ANY RADIO OR TV INTERFERENCE CAUSED BY UNAUTHORIZED MODIFICATIONS TO THIS EQUIPMENT. SUCH MODIFICATIONS COULD VOID THE USER'S AUTHORITY TO OPERATE THE EQUIPMENT
