## FCC STATEMENT

This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

### **WARNING:**

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

### **NOTE:**

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a

circuit different from that to which the receiver is connected.

- Consult the dealer or an experienced radio / TV technician for help.
- Once that may cause undesired operation.

This device complies with the FCC RF exposure limits and has been evaluated in compliance with portable exposure condition. There is no limitation as to which distance can be used from the human body.

## IC STATEMENT

This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) This device may not cause interference, and (2) This device must accept any interference, including interference that may cause undesired operation of the device.

This Class [B] digital apparatus complies with Canadian ICES-003. This device complies with the ISED RF exposure limits and has been evaluated in compliance with portable exposure conditions. There is no limitation as to which distance can be used from the human body.

Ce dispositif est conforme aux normes RSS sans licence d'Industrie Canada (IC). Son fonctionnement est soumis aux conditions suivantes : (1) ce dispositif ne doit pas causer d'interférences et (2) ce dispositif doit accepter toute interférence, y compris les interférences susceptibles de perturber son fonctionnement.

Cet appareil numérique de classe B est conforme à la

norme NMB-003 du Canada. Cet appareil est conforme aux limites d'exposition RF ISED et a été évalué conformément aux conditions d'exposition portable. Il n'y a aucune limitation quant à la distance qui peut être utilisée par rapport au corps humain.

## **EUROPE – EU DECLARATION OF CONFORMITY.**

This device complies with the essential requirements of the R&TTE Directive 1999/5/EC. The following test methods has been applied in order to prove presumption of conformity with the essential requirements of the R&TTE Directive 1999/5/EC:

EN 55022:2010+AC:2011 Class B, EN  
55024:2010 EN 300 328 V1.9.1:2015  
EN 301 489-1 V1.9.2:2011, EN301 489-17 V2.2.1:2012  
EN 60950-  
1:2006+A11:2009+A1:2010+A12:2011+A2:2013 EN  
62479:2010

This device is a 2.4 GHz wideband transmission system (transceiver), intended for use in all EU member states and EFTA countries, except in France and Italy where restrictive use applies. In Italy the end-user should apply for a license at the national spectrum authorities in order to obtain authorization to use the device for setting up outdoor radio links and/or for supplying public access to telecommunications and/ or network services. This device may not be used for setting up outdoor radio links in France and in some areas the RF output power may be limited to 10 mW EIRP in the frequency range of 2454 – 2483.5 MHz.

For detailed information the end-user should contact the national spectrum authority in France. Hereby, Under Armour, Inc. declares that these products are in compliance with the essential requirements and the other relevant provisions of Directive 1999/5/EC and the Safety Directive 2006/95/EC.

第十二條	經型式認證合格之低功率射頻電機，未經許可，公司、商號或使用者均不得擅自變更頻率、加大功率或變更原設計之特性及功能。
第十四條	低功率射頻電機之使用不得影響飛航安全及干擾合法通信；經發現有干擾現象時，應立即停用，並改善至無干擾時方得繼續使用。前項合法通信，指依電信法規定作業之無線電通信。低功率射頻電機須忍受合法通信或工業、科學及醫療用電波辐射性電機設備之干擾。
