Re: FCC ID: SM6-HOTRODV2AG

To Whom It May Concern:

The following application is submitted on behalf of our client, Mueller Systems, for evaluation of their model AHRAG-DL for certification under FCC Part 15.249.

The AHRAG-DL remote meter reading transmitter was designed to allow the utility to receive data from any Mueller water meter equipped with a Translator register. The transmitter collects data from the register and transmits it via radio frequency (RF) to be collected by a mobile receiver.

The AHRAG-DL is battery powered and was tested in full to the requirements of the aforementioned rules and was found to be in compliance.

Sincerely,

A handwritten signature in black ink that reads 'R. Sam Wismer'. The signature is written in a cursive, flowing style.
