Re: SRM9000UW 47 CFR Part 90.203(e) Compliance

Ref:TFN.DOC

18 May 2007

To Whom It May Concern:

The frequency of operation of the SRM9000UW mobile radio cannot be programmed by the operator to transmit on frequencies other than those programmed by service or maintenance personnel. The SRM9000UW mobile radio requires the operating frequencies to be programmed through the use of an external device only available to service or maintenance personnel.

Yours Truly,

Robert Stowell.
