Before attempting to connect, operate or adjust this product, please save and read the User's Manual completely. The style of the product shown in this User's Manual may be different from the actual unit due to various models.

Safety Instructions

Always read the safety instructions carefully:

- Keep this User's Manual for future reference
- Keep this equipment away from humidity
- If any of the following situation arises, get the equipment checked by a service technician:
 - The equipment has been exposed to moisture.
 - The equipment has been dropped and damaged.
 - The equipment has obvious sign of breakage.
 - The equipment has not been working well or cannot get it to work according to the User's Manual.

 **CAUTION:** Laser radiation. Do not stare into beam! **1) Never aim or shine a laser pointer at anyone. 2) Keep away from your children.** Products with lasers are not toys, and should only be used by an adult, or with adult supervision.

Copyright

This document contains proprietary information protected by copyright. All right are reserved. No part of this manual may be reproduced by any mechanical, electronic or other means, in any form, without prior written permission of the manufacturer.

Trademarks

All trademarks and registered trademarks are the property of their respective owners or companies.

Regulatory Compliance

FCC Conditions

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Caution

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This device and its antenna(s) must not be co-located or operating in conjunction with any other antenna or transmitter.

FCC RF Radiation Exposure Statement

1. This Transmitter must not be so-located or operating in conjunction with any other antenna or transmitter.
2. This equipment complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.

CE

This equipment is in compliance with the requirements of the following regulations: EN 55 022: CLASS B

WEEE Information

For EU (European Union) member users: According to the WEEE (Waste electrical and electronic equipment) Directive, do not dispose of this product as household waste or commercial waste. Waste electrical and electronic equipment should be appropriately collected and recycled as required by practices established for your country. For information on recycling of this product, please contact your local authorities, your household waste disposal service or the shop where you purchased the product.

Introduction

The Wireless presenter offers you great control for effective presentations. With simple design, the presenter is easy to use, and with Bluetooth technology embedded, the presenter can communicate with the host device without dongle, therefore, handy to carry and with great mobility.

Combined wireless PowerPoint controller with the laser point, the Wireless presenter enables the user to control presentation slides wirelessly indoors, and use the laser pointer up to 15 meters from the target. Taking into consideration the needs of users, we embed the touchpad design on this presenter, so that the user can slide up or down to quickly scroll through the pages. Have the Wireless presenter in hand, and you will sure have success in business.

Features

- Small and fashionable appearance
- Support touchpad: Fast scroll through pages
- Support function keys
 - Start / Stop
 - Black / Resume
 - Page up
 - Page down
- Built-in laser pointer
- Compliant with Bluetooth 3.0 standard

Package Contents

- Wireless presenter
- AAA Battery
- User's Manual

System Requirements

Supported Operating System:

- Windows® 7/ Windows® 8/ Windows® 8.1/ Windows® 10

Product Overview

ITEM	DESCRIPTION	
1	Laser Pointer Trigger	Emit the laser light
2	Pair Button	Pair up with the computer
3	Start/Stop	Start/stop the slide show

Connection

1. Insert the battery into the Wireless presenter. Switch the power button to turn on the presenter, and the blue LED will blink once.
2. Turn on the Bluetooth Wireless on the computer, and select **Add a Bluetooth Device** to search for the presenter.

When the computer is searching, please press and hold the pair button of the presenter.

3. If successfully paired, the blue LED will be blinking for a few seconds.

4. Select Good Way Presenter, and click **Next** to connect it with the computer.
5. Start to use the presenter.

NOTE:

- Do not insert the battery into the presenter in the wrong direction.
- If you do not use the presenter for a long period of time, remove the battery to avoid possible damage from battery corrosion.
- If the presenter does not function properly or if the signal is getting weak, replace the battery with a new one.
- Use a Bluetooth dongle if necessary.

Specifications

ITEM	DESCRIPTION	
Wireless Control	Interface	Bluetooth v3.0
Power Supply	AAA battery	
Physical Properties	Housing	Plastic (PC+ABS)
	Dimension	97.04(L) x 39.93(W) x 21.3(H) mm
Working Environment	Operation Temperature	0~40°C
	Storage Temperature	-20~70°C
Compliance	CE, FCC
