

Brand Name: TP-Link Model No.: RE650/RE500

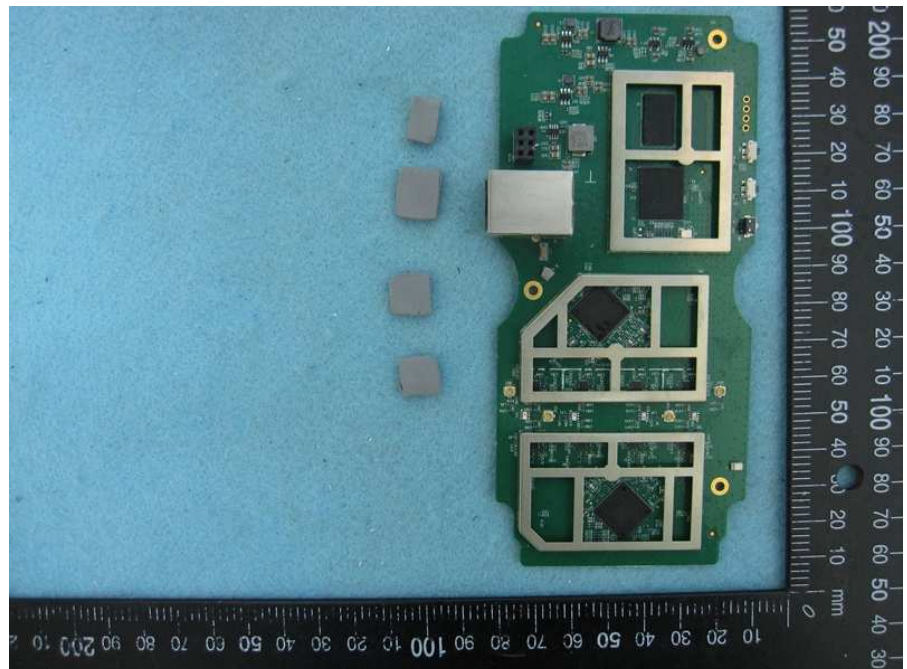

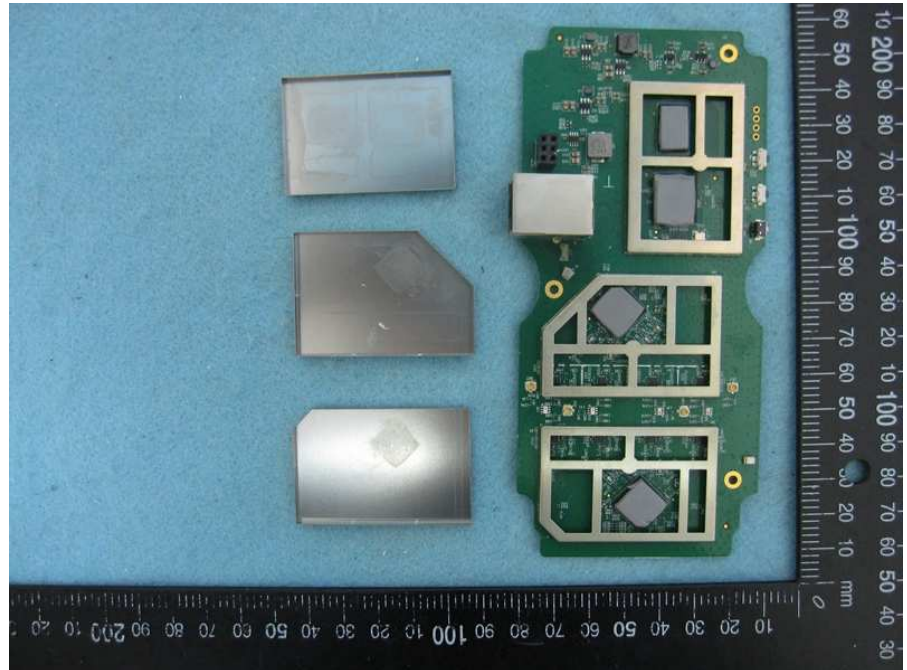

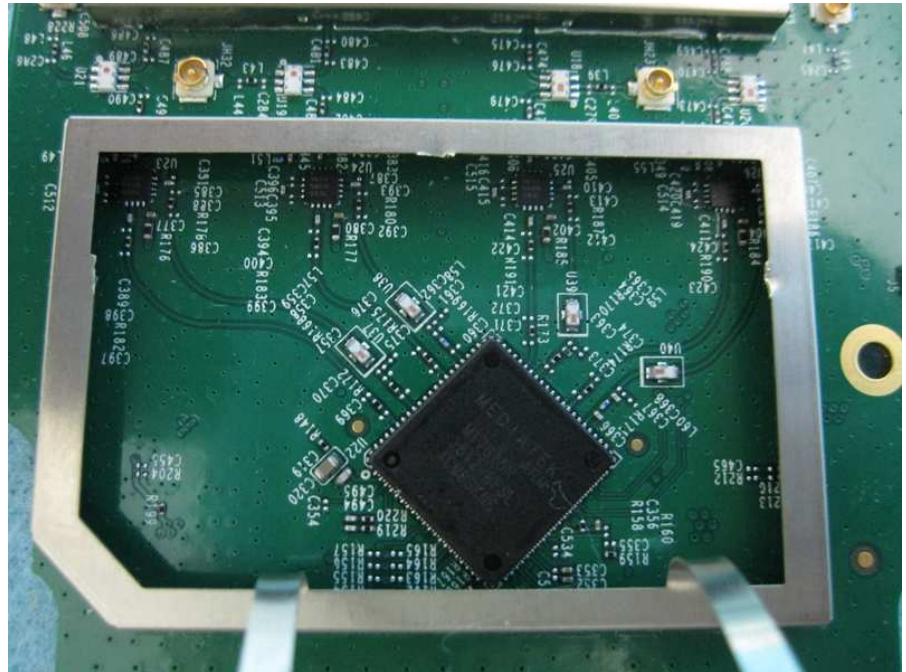

A photograph of a green printed circuit board (PCB) with three large silver heat sinks, a USB connector, and various electronic components. A ruler is placed below the board for scale.

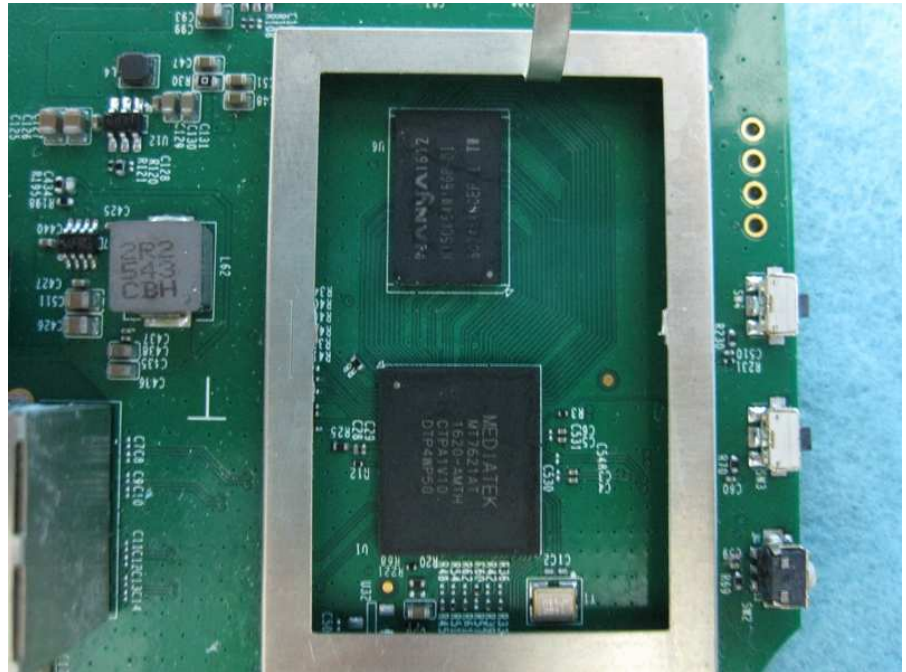

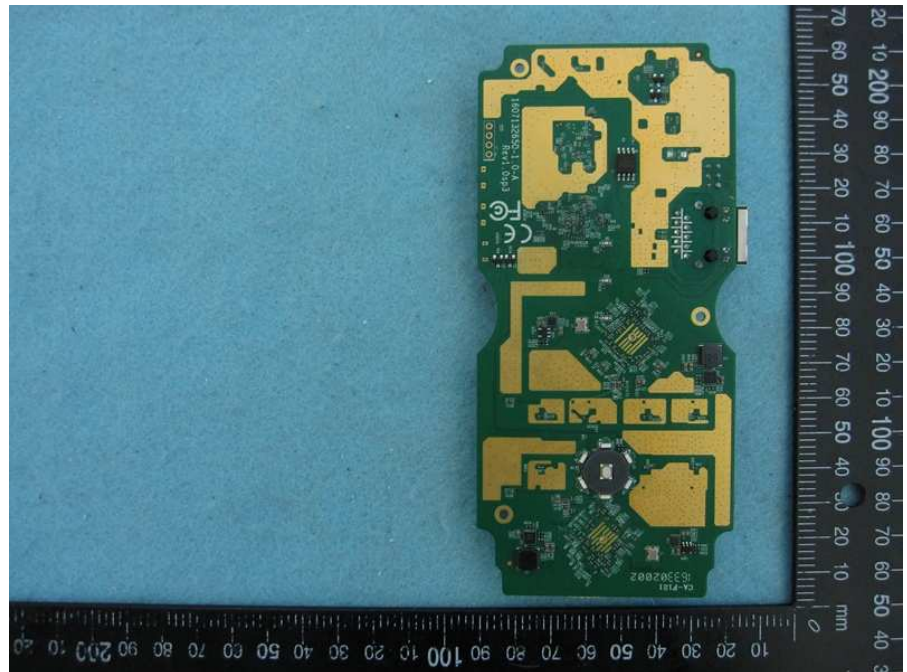

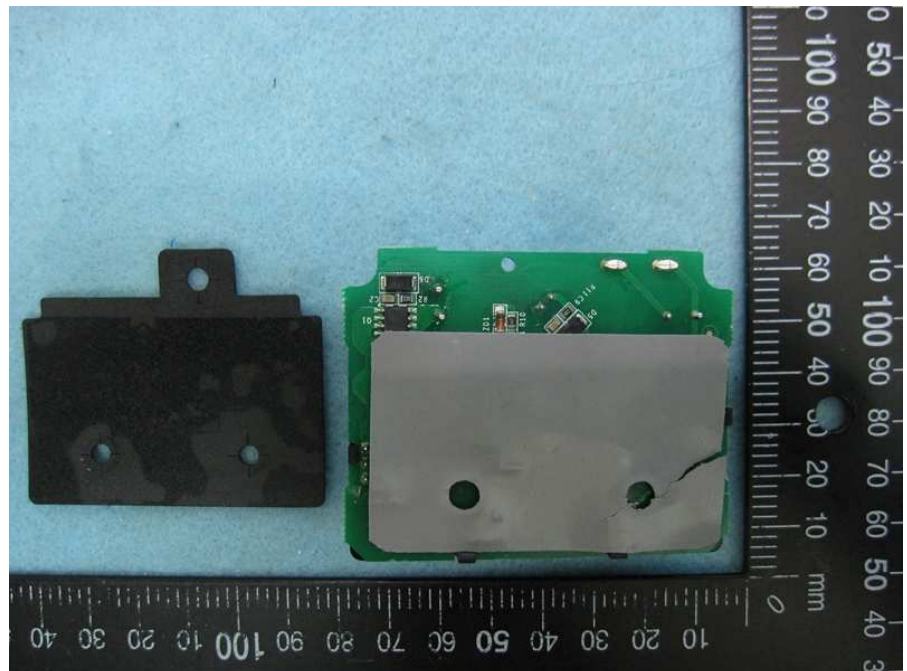

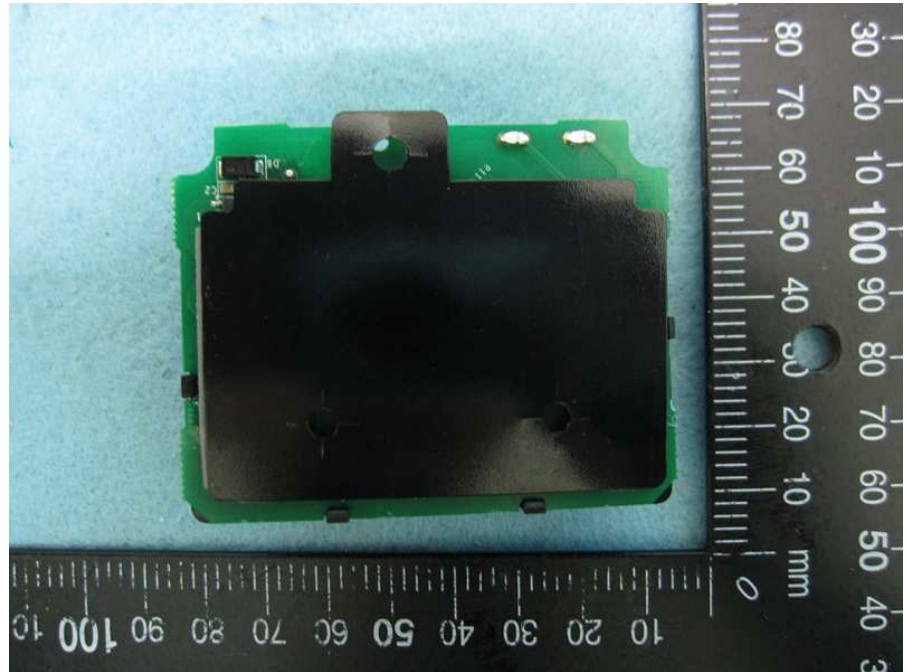

A photograph of a green printed circuit board (PCB) with various electronic components. The board is rectangular with rounded corners and features a large central integrated circuit (IC) labeled 'U1'. Other components include several smaller ICs, resistors, and capacitors. The board is placed on a blue surface next to a black ruler with white markings. A small, rectangular, light-colored object is also visible on the left side of the board.
