Federal Communications Commission  
Equipment Authorization Branch  
7435 Oakland Mills Road  
Columbia, MD 21046

Gentlemen:

MaxID Corp respectfully requests short-term confidentiality of certain materials provided with the submission of the iDL300 under FCC ID: TFT-SL8080 in accordance with FCC Regulations 0.459. The short-term confidentiality request applies to the following exhibits:

11-0217 – Internal Photos.pdf  
MaxID iDL300 WWAN SAR DUT Test Setup Photos FCC.pdf  
MaxID iDL300 WWAN SAR DUT External Photos FCC.pdf  
MaxID iDL300 WWAN SAR DUT Internal Photos FCC.pdf

Short-term confidentiality of the Internal, External, and Test Setup Photos is being requested because this device is not yet available to the public, and MaxID Corp wishes to keep these photos confidential until the product starts production.

The iDL300 has been developed at considerable effort and expense by MaxID Corp. These items are considered as Trade Secrets and therefore public access to the proprietary material could possibly result in duplication of equipment that could severely damage the company's business advantage.

I appreciate your assistance in this matter.

Sincerely,

A handwritten signature in black ink that reads 'R. Sam Wismer'.

Sam Wismer  
Vice President, Technology  
Agent
