

# Listening to JUKEBOX

## JUKEBOX Mode

The UVO system offers you the convenience of allowing you to copy songs from your MP3 CD or USB to the Jukebox mode within the system. For more information on copying songs into JUKEBOX, refer to the 'Copying songs into JUKEBOX' section.

### Listening to JUKEBOX

1. Press the **MEDIA** key on the control panel to turn to JUKEBOX mode.
2. The system will automatically restart the most recently played song.

### Selecting a JUKEBOX song

#### 1. Selecting through Track Up/Down

1. Press the **SEEK TRACK**  or **SEEK TRACK**  keys on the control panel or the  or  keys on the steering wheel controller to play the desired track.
2. The previous or next song will begin playing.

#### 2. By Artists, Album, Genres, Songs, Composers

1. Press the **Menu** button.

2. Choose the category through which you wish to select. JUKEBOX mode allows you to select by Favorites, Artists, Albums, Genres, Songs, and Composers.

# Listening to JUKEBOX

## Adding Favorites

The Favorites feature allows you to create a Favorites list of songs.

1. While listening to JUKEBOX, press the  button.

2. The  icon will be displayed on the screen to signify that the song has been saved in Favorites.
3. To delete a song from Favorites, press the  button.

## Playing Favorites

1. While playing JUKEBOX, press the  button.

2. In the JUKEBOX Menu screen, press the  button.

3. Press the name of the song from the list. The song will begin playing.

## Pairing a *Bluetooth*<sup>®</sup> wireless technology enabled device for the first time

### **Caution**

- For your safety, only pair devices to the system when the vehicle is parked.

### Pairing a *Bluetooth*<sup>®</sup> wireless technology enabled device for the first time

1. Press the  button on the steering wheel or the **PHONE** key on the control panel.
2. Perform a device discovery from the handset device. For details on device discovery for your handset device, refer to the handset device user's manual.

#### Non SSP(Secure Simple Pairing) supported device

3. Once the device is discovered, input the passkey in the handset device.

#### SSP(Secure Simple Pairing) supported device

3. Once the device is discovered, check the passkey on your handset device and confirm.

4. Once pairing is complete, the handset device will be shown in the Connections list.

## Answering an incoming call

### Connecting a handset device

The system automatically connects the *Bluetooth*® wireless technology enabled device set at the highest priority. As a result, in order to connect a different phone, follow the following steps.

1. While in Phone mode, press the **Connections** button.

2. Select the handset device you want to connect.

3. Press the **Connect** button.

### Answering an incoming call

1. When there is an incoming call, an incoming call window will be displayed on the screen. Press the **Accept** button on the screen or the  key on the steering wheel controller to answer the call.
2. The call will be connected.

### Rejecting an incoming call

1. Press the **Reject** button on the screen or the  key on the steering wheel controller.
2. The call will be rejected.

# Placing a call

## Placing a call

### 1. By recent calls

1. While in Phone mode, press the **Recent Calls** button.

2. Select the contact you want to call from the list.

### 2. By contact list

1. While in Phone mode, press the **Contacts** button.

2. Press the spell you wish to find.

3. Select the contact you want to call from the list.

4. Press the **SEND** button on the screen or the **SEND** key on the steering wheel controller to connect the call.

## Placing a call

### 3. By dialing a number

1. While in Phone mode, press the **Dial Number** button.

2. Use the dial pad on the right side of the screen to enter the phone number.

3. Press the **SEND** button on the screen or the key on the steering wheel controller to connect the call.

### Favorites

#### 1. Placing a call by favorites

1. While in Phone mode, press the **Favorites** button.

2. Select the contact you want to call from the list.

## SMS

---

### 1. Downloading SMS messages (from mobile phone)

When an SMS enabled mobile phone is paired with the system, unread messages will automatically be downloaded to the system. While you will not be able to check SMS messages through the system due to legal regulations, the system will read back messages for you for added convenience. The SMS read back is also possible when the vehicle is in motion.

### 2. Checking an SMS message

1. Press the  key on the steering wheel.
2. Say the command 'Read SMS'.
3. The system will read back the new message.

#### Note

---

- To listen to the message again, say 'Read again'. To listen to the next message, say 'Next'. To send a reply, say 'Reply'. To call the sender, say 'Call'.
- When an SMS enabled mobile phone is paired, new incoming messages will automatically be notified through the system.

- When the notification window is displayed, press the  button to check the new incoming message.

### 3. Sending an SMS message (Custom Messages)

The UVO system allows you to respond to incoming messages through voice commands.

1. After listening to a received message, say 'Reply'.
2. The UVO system will provide information pertaining to the 6 Custom Messages.
3. Select the desired message to send a response.

#### Note

---

- You can modify custom messages through Phone Settings.
- The SMS function may not be supported in some handset devices.

# Operating Voice Command

---

## Using Voice Command

---

1. Press the  key on the steering wheel controller.

A  display will be shown at the top of the screen followed by a “Please say a command after the beep” system comment.

2. Once the  Listening... icon becomes displayed, say the desired voice command (ex: “What’s Playing”)

### Note

---

- Press the  key shortly to interrupt the system command feedback and enter a voice command.
- To terminate the voice control system, either say “Exit” or press the  key for over 0.8 second.
- The system voice comment “Please say a command after the beep” will not be stated when the Command Feedback option is turned off.
- For more information on the various voice commands supported by the system, refer to the “Voice Command List” section.

## Voice Command List

The voice commands for this system are divided into Global commands and Local commands.

- Global commands (●) : Commands that operate in all modes.
- Local commands (○) : Commands that operate only in corresponding modes or when screens of corresponding modes are displayed.

# Voice Command List
