

# ADC40S2AN, ADC40S2KN

## FCC/IC LABEL Information

### PRODUCT LABEL

### LABEL LOCATION

Non-removable  
LABEL

The diagram shows a light gray rectangular area representing the device's front top. In the center of this area is a white rectangle with a black border, representing the label. Below this white rectangle is a dark gray horizontal bar extending across the width of the light gray area, representing the device's front edge. The text 'Non-removable LABEL' is centered within the white label area.
