US NB: Chapter headings and illustrations share the same number to aid understanding.

CF Nota : Pour faciliter la compréhension, les en-têtes de chapitre et les illustrations portent les mêmes numéros.

BR NB: Os cabeçalhos e as ilustrações do capítulo compartilham o mesmo número para auxiliar na compreensão.

ME Nota: Para facilitar su comprensión, los títulos de los capítulos y las ilustraciones comparten la misma numeración.

PLEASE NOTE: Before using your new Jabra SP200 Speakerphone, you must fully charge it and set it up by “pairing” it with your selected Bluetooth device.

1 ABOUT YOUR JABRA SP200

- 1 **Answer/End button**
- 2 **LED light**
- 3 **Charging socket**
- 4 **Volume wheel**
- 5 **On/off switch**
- 6 **Visor clip**

2 CHARGING YOUR JABRA SP200

Insert the charger and remove when fully charged (the LED light turns green when the device is fully charged).

3 TURNING YOUR JABRA SP200 ON AND OFF

Slide the on/off switch to turn the speakerphone on or off.

4 PAIRING THE JABRA SP200 WITH YOUR PHONE

First time pairing:

Turn the speakerphone on and it will automatically be in pairing mode. The blue LED light will flash rapidly.

Later pairing:

- Turn the speakerphone on.
- Press and hold the answer/end button (approximately 5 seconds) until blue light flashes rapidly.
- Activate Bluetooth on your phone.
- Search for Bluetooth devices and select Jabra SP200.
- Press "OK" on the phone and confirm with PIN code 0000 (4 zeros).

5 USING YOUR JABRA SP200

Answer a call

- Tap the answer/end button on your speakerphone to answer a call.

End a call

- Tap the answer/end button on your speakerphone to end an active call.

Make a call

- The call will automatically transfer to your speakerphone*. If not tap the answer/end button.

Reject a call*

- Press (approximately 2 seconds) the answer/end button.

* Phone dependent

Activate voice dialing*

- Press (approximately 2 seconds) the answer/end button. For best results, record the voice-dialing tag through your speakerphone.

Redial last number*

- Double tap the answer/end button when the speakerphone is on and not in use.

Mute/un-mute

- Press (approximately 2 seconds) the answer/end button to mute an active call. A beep tone plays during the muted call.
- Press (approximately 2 seconds) the answer/end button to un-mute.

Adjust sound and volume*

- Scroll the volume wheel to the left or right to adjust the volume.

Sleep mode

- When disconnected from the phone, the speakerphone turns off automatically after 15 minutes. Tap the answer/end button to turn the speakerphone on again.

6 PLACE THE JABRA SP200 IN YOUR VEHICLE

The Jabra SP200 sits discreetly and conveniently on the sun visor.

Visit www.jabra.com/SP200 for full user manual.

* Phone dependent

Cautions

Modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC compliance Information

This device complies with part 15 of FCC Rules.

Operation is subject to the following two conditions: 1. This device may not cause harmful interference, and 2. This device must accept any interference received, including interference that may cause undesired operation.

Information to User

This equipment has been tested and found to comply with the limits for a Class B digital device, Pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio Frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC RF Radiation Exposure Statement

This equipment complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20 centimeters between the radiator and your body.
