### FCC Labeling of Widex model ERE

FCC ID: TTY-ERE

#### To Whom It May Concern:

The dimensions of the hearing aid are too small to allow the FCC ID to be printed on the device in a font size that is readable. Consequently, the FCC ID is printed in the user instructions together with the FCC regulatory statements.

Justification is provided by 3 photographs below that show the ERE in 3 different angles together with a printout of the FCC ID in font size 4 point that is the minimum readable font size as defined in FCC OET Labelling Guidelines.

Thank you for your attention to this matter.

Sincerely,

Widex A/S

  
Hans-Otto Bindeballe
