To Whom It May Concern,

Due to spacing constraints on the Connect & Communicate product housings, we were unable to fit the statement required under Part 15, Subpart C, Intentional Radiators on the product label. We have included a full version of the statement on the first page of the product user manual that reads:

This device complies with Part 15 of the FCC rules subject to the following two conditions:

- 1) This device may not cause harmful interference
- 2) This device must accept all interference received, including interference that may cause undesired operation.

Thank you.

Sincerely,

Adam Crossno
Product Development Manager
